MULTICHOICE MEDICAL AID SCHEME

WHY BEING A MEMBER IS THE BEST CHOICE

Only certain people, who work for participating employer groups, can belong to MultiChoice Medical Aid Scheme. Having a Scheme for a group of people so small can have certain disadvantages, but none of them involve negatively affecting your pocket. Quite the opposite. This series of infographics aim to show you why belonging to this Scheme makes financial sense.

SIMPLICITY

The medical scheme environment in South Africa is extremely complex. The Scheme manages the complex comparisons and calculations, while making the most comprehensive yet simple, affordable cover available to you and your family.

01 ONE PLAN

You have the simplicity of a single plan at the cost of what, for many, would be a hospital cover-only plan in an open scheme. Now that's having "the best of both worlds".

02 NO COMPROMISE

One plan doesn't mean that you have to lose out on important benefits. Your single option comes with none of the restrictions on choice that you'd face on a different plan of similar (but probably higher) cost.

03 EASY ACCESS

To the benefits that you use most often. Using a prescribed medicine for longer than three months? You can apply for cover from the Chronic Illness Benefit – no medicine lists to worry about.

You could pay more than double the amount for the rich benefits you have on the Scheme, if you moved to a different scheme.
